PROFILE

Innovative Full Stack Developer with 2+ years of experience designing and deploying scalable, secure applications in Python (Flask) and JavaScript (Node.js, React.js, React Native). Skilled in database management with MongoDB, Firebase, and SQL, and experienced in Agile methodologies, including Test-Driven Development (TDD). Committed to delivering robust solutions to solve real-world problems while enhancing user experiences.

SKILLS

Programming: Python (Flask, Django), JavaScript (Node.js, React.js, Angular)

Frameworks & Libraries: React Native, Bootstrap, Apollo Server, WebSocket

Backend Development: Flask, Node.js, RESTful APIs, JWT Authentication

Databases: MongoDB, Firebase, SQL, GraphQL

Practices: Agile Methodology, Test-Driven Development (TDD), System Design

PROFESSIONAL EXPERIENCE

Freelance Full Stack Developer - May 2023 - Present | Toronto, Canada

Mechanic Pro App:

Developed a mobile application using React Native for frontend and Flask (Python) for backend, enabling mechanic shops to manage appointment scheduling for brake services. Boosted workflow efficiency by 40%, reducing scheduling conflicts by 25%.

Published at: [\[github\]](#)

SaaS Application:

Built a fully responsive SaaS platform for client management using React.js and Flask (Python). Designed scalable backend APIs and database architecture supporting 500+ concurrent users.

Live at: [\[NexyraTeach\]](#)

TrioTechShop, TrioTechInvoice, TrioTechChat:

Developed backend solutions with Node.js and frontend interfaces with React.js, implementing e-commerce, invoice automation, and real-time messaging features.

Live at: [\[Shop, Invoice, Chat\]](#)

Junior Full Stack Developer - HeraSoft Web Solutions - September 2022 - April 2023 | Izmir, Turkey

Designed and developed web and mobile applications using Node.js, ReactJS, MongoDB, and SQL.

Improved app security by creating middleware for RESTful APIs and implementing authentication using Firebase.

Delivered customized features on time through close client collaboration and Agile workflows.

Full Stack Developer – Intern - May 2022 - August 2022 | HeraSoft Web Solutions, Izmir, Turkey

Developed responsive websites and mobile apps with ReactJS and Node.js, optimizing database performance with MongoDB.

Debugged and enhanced application performance as part of an Agile team, reducing load times by 30%.

EDUCATION

Computer Programming And Analysis - Advanced Diploma

George Brown College
